30-Day "Take Action" Guarantee for the BTS LaunchPad™

Join BTS today, go through the training, launch your first campaign using our system and tools, and if you don't see results within your first 30 days, we'll give you every penny back. All we ask is that you actually do the work.

This isn't one of those "money-back-no-questions-asked" guarantees where you can buy, do nothing, and still get refunded. That wouldn't be fair to those who are serious about building real wealth with affiliate marketing.

Simply show us that you've:

- Completed the core training
- Joined several live coaching calls
- Used Media Mavens or other recommended affiliate networks to select a product
- Launched at least one campaign using our tools & traffic sources
- Given it a fair shot for 30 days

If you do that and still aren't seeing results, just send us proof you took those steps, and we'll promptly refund your entire investment. No hassles, no hard feelings. *(see below for full terms & conditions)*

Commitment to Excellence

Our program is designed to guide you comprehensively through the intricacies of affiliate marketing. By following our structured approach and actively engaging in all aspects of the mentorship, we're confident that you'll experience significant growth in your marketing skills and strategies. Our guarantee is not just a promise; it's a testament to the success our students have consistently achieved.

Action-Based Refund Guarantee: A Partnership in Success

We understand that commitment and effort are two-way streets. As such, our action-based refund guarantee is a pledge from both sides — ours to provide top-notch guidance and resources, and yours to dedicate yourself fully to the learning process. We emphasize the importance of 'pivoting' and adapting strategies based on data insights, a critical skill for thriving in the dynamic world of affiliate marketing.

Why This Strategy Works

The success of our mentorship lies in its holistic and integrated approach. Attempting to blend our strategies with disparate methods can undermine the effectiveness of the program. We encourage you to immerse yourself in the learning process, actively participate in group discussions, revisit our training materials, and trust the process that has led countless students to achieve financial independence and success. At BTS, we are committed to your success and firmly believe in the transformative power of this mentorship. To ensure a meaningful and result-oriented journey, we proudly offer a 30-Day Take Action Guarantee. This guarantee reflects our confidence in the mentorship's efficacy and your potential for success.

Your Opportunity for Success

This mentorship is more than just a learning program; it's a gateway to creating a successful business. We are here to support you every step of the way, but your commitment and dedication are paramount. If you're ready to fully embrace this opportunity, we're confident that you won't find a better path to success in affiliate marketing.

To qualify for this guarantee, participants must complete the following within 30 days of signing up:

30-Day Action-Based Guarantee — Qualification Criteria

Criteria #1: Completing All Core Trainings Start to Finish

The Core Trainings inside BTS LaunchPad™ are the foundation of everything we do. These modules are designed to teach you what works, why it works, and how to execute at a high level.

COMPLETION REQUIREMENTS

To fulfill this criterion, students must:

- Complete all training modules in sequential order.
- Watch 100% of the video content within each module.
- Pass any required knowledge checks or quizzes that confirm comprehension.
- Submit proof of implementation of key training concepts (where applicable).

WHAT THIS MEANS IN PRACTICE

By the time you complete the Core Trainings, you will:

- Understand what makes a high-converting Direct Response banner.
- Know how to analyze campaign data and make optimizations.
- Be ready to launch and scale your first campaign.

Skipping content or skimming through without implementing does not qualify as completion. This is a results-driven process.

Criteria #2: Active & Engaged Participation in At Least 3 Live Zoom Calls

Live coaching calls are where theory meets action. These sessions are designed to give you real-time feedback, troubleshooting, and insights from seasoned media buyers.

PARTICIPATION REQUIREMENTS

To fulfill this criterion, students must:

- Attend at least 3 live Zoom coaching calls within the 30-day period.
- Be visibly present on camera for at least 50% of each call.
- Engage in at least one of the following ways:
 - Ask at least one relevant question per call.
 - Share progress updates or challenges for feedback.
 - Actively participate in group discussions. Demonstrate implementation of feedback from previous calls.

WHY THIS MATTERS

These interactive calls allow you to:

- Get direct guidance on your campaigns.
- Troubleshoot problems in real time.
- Accelerate your learning curve with expert coaching.

Passive attendance does not qualify. You need to engage and put the strategies to work.

Criteria #3: Effective Utilization of the BTS Concierge™

The BTS Concierge™ is your execution partner—a team of highly trained professionals who help bring your campaigns to life. Leveraging this resource ensures faster implementation and fewer roadblocks.

UTILIZATION REQUIREMENTS

To fulfill this criterion, students must:

- Submit at least 3 documented requests to the BTS Concierge™ for assistance.
- Provide proof of collaboration and implementation, such as:
 - Email threads or screenshots of requests and responses.
 - Completed tasks that resulted from BTS Concierge™ assistance.

WHAT COUNTS AS BTS CONCIERGE™ ASSISTANCE?

- Banner creation and optimization.
- Campaign structuring and setup assistance.
- Technical troubleshooting inside Blaze™.
- Ad copy development and review.

WHY THIS MATTERS

- This team helps streamline execution so you can focus on strategy and scale.
- If you're not utilizing the BTS Concierge™, you're leaving money on the table.

Criteria #4: Diligent Sharing and Updating of Profit & Loss (P&L) Spreadsheet

Affiliate marketing is a numbers game. Tracking financial performance is critical for optimizing campaigns and scaling successfully.

REPORTING REQUIREMENTS

To fulfill this criterion, students must:

- Update their P&L spreadsheet daily with accurate data on:
 - Revenue generated.
 - Ad spend.
 - Net profit/loss.
- Notify the support team via email at support@buildtestscale.com at the following ad spend milestones:
 - \$500 spent
 - \$1,000 spent
 - \$1,500 spent
 - \$2,000 spent
- Implement any strategic adjustments or feedback provided by the coaching team based on P&L analysis.

WHY THIS MATTERS

- Tracking numbers is what separates amateurs from professionals.
- Without financial data, you can't optimize or scale effectively.
- This ensures that every decision is backed by real campaign insights.

Criteria #5: Achieving a Minimum of \$2,000 in Ad Spend on Specified Traffic Sources

Marketing success comes from testing, analyzing, and optimizing. Spending at least \$2,000 ensures enough data is collected to identify promising banners and winning strategies.

AD SPEND REQUIREMENTS

To fulfill this criterion, students must:

- Spend a minimum of **\$2,000** on advertising within the 30-day period.
- Use only the traffic sources recommended within BTS.

- Notify the support team at each ad spend milestone (as listed in the P&L requirements).
- Seek guidance and approval from the coaching team before moving past each major milestone.

VERIFICATION & IMPLEMENTATION

- If the coaching team provides optimizations or required changes, these must be implemented before continuing to scale.
- If any campaign is underperforming, students must pause, adjust, and pivot based on expert feedback.

WHY THIS MATTERS

- Spending too little leads to insufficient data and unreliable results.
- Following BTS's proven traffic sources ensures the best chance of success.
- This step guarantees that you're actually running live campaigns and testing properly.

We don't offer "no-questions-asked" refunds where someone can sign up, do nothing, and expect their money back. That wouldn't be fair to those who actually put in the effort to build real wealth with affiliate marketing.

If you follow the system and complete these steps, you will:

- Understand what makes a winning Direct Response banner.
- Use Blaze™ to optimize your banners and generate at least one sale.
- Identify at least one high-potential banner that could be expanded into a Dedicated Email campaign.

These key milestones are what separate true action-takers from those who just browse.

If you complete all of these steps and still don't see results, just send us proof, and we'll refund your entire investment. No hassles, no hard feelings.

This Guarantee Exists for Action-Takers

- If you're serious about launching your first successful campaign, we've got your back.

- If you're looking for a risk-free peek inside, this isn't for you.

Bottom line: If you do the work and don't see results, we'll make it right. But you have to take action.
